Product name: 4G Personal GPS Tracker

The model: MT100

Suitable for elderly/outdoor workers/travelers/patrol security

Support: OEM, customized, protocol

Advantage: waterproof IP67, easy to carry, long standby time, 4G+GPS+Wifi positioning, two-way conversation, wireless charging

Color: Black

Parameters:

Items	Specifications
GPS Chipset	Ublox chipset
GSM Chipset	4G: LTE-TDD/LTE-FDD 3G: (WCDMA) UMTS/HSPA+/TD-SCDMA/EVDO 2G:GSM/GPRS/EDGE
WIFI module	IEEE802.11 b/g/n
Dimension	61*48.5*21.5mm
Weight	67g
Operating Temperature	-20 ~ +60 °C
Charging Voltage	DC 4.5-5.5V/800mA (Mini USB)
GPS Sensitivity	-160Db
LED	LED for showing states of power, GPS, GSM and battery level
Button	SOS button: help request with coordinates Power button: to turn on/off the device Call button: for answering incoming call, to call out.

Functions:

- GPS Chipset:Ublox
- GSM Chipset：2G/3G/4G
- Tracking by Interval/Real-time tracking
- GPS+WIFI+AGPS+LBS Positioning
- Waterproof IP67
- Two-way voice conversation/ voice monitoring
- Wireless Charger
- Power saving mode

- Long battery standby
- Support setting 3 authorized cell phone numbers
- SOS alarm
- Geo-fence alarm
- Built-in G-sensor
- Low battery alarm
- Vibration alarm
- Provide Protocol
- Support FOTA

Detail Pictures:

Speaker. Support two way communication with MIC
